## SKILLS

- HTML, CSS, JS
- Bootstrap
- TailwindCSS
- ReactJS
- NextJS
- PHP
- NodeJS
- ExpressJS
- SQL (MySQL, PostgreSQL)
- Rest APIs, JSON
- C#
- Python
- Flutter
- Git
- Postman
- XAMPP
- Cisco Packet Tracer

## LANGUAGES

- English (intermediate)
- German (beginner)

# ÖZGÜR YURT

## COMPUTER ENGINEER

## ABOUT

I began my journey into the software world alongside my studies in Computer Engineering. During my education, I gained comprehensive knowledge in areas such as object-oriented programming, web development, and computer networks. These courses provided not only theoretical understanding but also opportunities to gain practical experience. Throughout my studies, I participated in various projects, working both individually and collaboratively, which helped me strengthen my software development skills. I kept my knowledge up to date by closely following the ever-evolving technology and software landscape. I focused particularly on web development, gaining experience by developing medium-scale projects, and also explored mobile application development. During both my academic and internship experiences, I had the opportunity to create several applications. After starting freelance work, I was able to apply my theoretical knowledge and practical skills to real-world projects. These experiences further reinforced my software development capabilities and significantly contributed to my professional growth.

## EXPERIENCE

### FLUTTER DEVELOPER INTERNSHIP

Alpata Teknoloji ve Yazılım - Mobile Application Development Intern  
07.2025 - 08.2025

### FRONT-END DEVELOPER INTERNSHIP

PITON Technology - Front-end Web Development Intern  
07.2024 - 08.2024

### FREELANCER

Bionluk  
2022

## EDUCATION

### BALIKESIR UNIVERSITY

Bachelor of Computer Engineering, GPA: 3.62  
2021 - 2025

### CELAL TORAMAN ANATOLIAN HIGH SCHOOL

Science/Mathematics Track  
2017 - 2021

## PROJECTS

### TÜBİTAK 2209-A - "StackOverflow" Platform for Internal Network

- Responsible for front-end development, API integration, and user interface design.

Balikesir University, 2024 - 2025
